Austerity Influences Decisions

The school austerity program prompted by the defeat of a special millage issue last May continued to influence decisions of the Board of Education at its monthly meeting Monday night in the library of the new high school.

One decision granted relief to the elementary principals' situation on recommendation of Supt. Walter W. Scott that no assistant superintendent be hired for the present after Robert Slocum leaves for a new post in Okemos Oct. 1 and that Slocum's salary be used to hire half-time substitute teachers to relieve teaching elementary principals in Van Raalte, Lincoln, Washington and Montello Park schools, preferably in that order.

Scott pointed out that Slocum had not sought the Okemos position, and Scott's recommendation not to replace Slocum immediately was not to be interpreted that Slocum's assignments would be easily accomplished, but that aid to the principals who have been assigned full teaching loads was more pressing.

These substitute teachers would be hired at the substitute salaries at one-half of the \$25 salary per day, which is equal to the beginning teacher on the salary scale. Teachers hired on the half-day basis to relieve the teaching principals would receive credit of a full year on the salary schedule should they continue teaching with the Holland school system in other posts. They also would be granted sick leave on a half-time basis.

On suggestion of Wendell A. Miles, the board approved a resolution recognizing the services of Robert Slocum to the school system, expressing appreciation for his dignity, integrity and understanding in his years with the Holland school system.

Referred to the personnel committee (teachers committee) was a plea from High School Principal Jay W. Formisano for a counselor for the high school, now operating on a ratio of one counselor to 960 students compared last year with one counselor to 300 students.

Formisano said he was particularly concerned with the need of counselors to aid in scheduling conflicts and to aid in college admissions with 150 seniors sending out about three applications apiece. Other concern was expressed over college scholarships since Holland High seniors ordinarily have been granted scholarships on a 5-1 basis for those entering college. Other concern was expressed in the fields of failures and discipline problems, and the fear that the dropout rate might increase without proper counseling. The rate had decreased from 6 per cent to 2 per cent in the last five years.

Formisano also said lack of proper counseling might reflect on the North Central accreditation in connection with a scheduled visit to the high school this year.

One ray of hope entered the picture since cutbacks last spring had reduced counselors from 3 to 2, and since then two counselors have gone elsewhere. Although the program listed two counselors, the board has been carefully watching all expenditures with a view not only to living within its income but also reducing the debt.

A request for funds to finance study halls at E. E. Fell Junior High School was referred to the schools committee with instructions to report back at the next meeting, although it was made clear that other items were higher on the priority list than study halls.

Junior High Principal Earl Borlace explained that study halls had been eliminated in three periods, the two that straddle the lunch hour and the one just before school dismissals in the afternoon. He felt junior high students should have better study habits and pointed to action last year when seminars students had been hired at \$1.75 per hour to supervise study halls. It was pointed out that the assembly room is available to those students who live far away or those who must wait for transportation, although there is no supervision there.

An honors type study hall was suggested for those hours. Supt. Scott, who said the board has been criticized for failure in communications, suggested a letter to parents of students in these study halls, outlining the problem and pointing out room is available provided there is reasonable self control. Miles expressed concern over the lack of supervision and possible consequences on school property. It also was suggested the problem be studied with the Committee on Educational Assistance.

Extra teaching assignments was referred to the finance committee. This affects only four teachers in the school system who teach more than five periods a day.

A request for additional clerical help for Junior High School was turned down, again reflecting the need to cut expenses wherever possible.

A request from certain Lakeview residents seeking an extension of school bus service at their own costs was rejected because of practical problems, including the pos-

Convocation Service Set At Seminary

Dr. Manford G. Gutzke

Dr. Manford George Gutzke, professor of Biblical Exposition and Christian Education at Columbia Theological Seminary in Decatur, Ga., is the keynote speaker at the annual Western Theological Seminary formal convocation service scheduled Friday at 10 a.m. in the seminary chapel. The subject of his address is "The Hope of Glory." The meeting is open to the public.

Dr. Elton Eenigenburg, acting academic dean of the school, will preside and devotions will be conducted by the Rev. Chester Postma of Kalamazoo, president of the board of trustees. The seminary faculty will take part in the academic procession.

The service Friday will conclude the annual fall two-day Convocation Conference sponsored by the seminary. The Thursday sessions, for ministers of all denominations within driving distance of Holland, is scheduled at Camp Geneva, three miles north of Tunnel Park on the Lake Road.

Dr. Gutzke will speak at 10 a.m. on the subject "The Word Was Made Flesh" and at 2 p.m. on the topic "The Lamb of God."

United Fund Theme Given

"Because You Care . . . Pledge Your Share" is the theme for the 1962 Greater Holland United Fund-Red Cross campaign for 1963 funds, according to Campaign Chairman John W. Fonger.

This year's campaign opens Oct. 1 and will close Oct. 19. Goal for minimum support of the 44 participating agencies is \$98,229.

"This theme signifies that united giving is more than just an out-of-pocket donation and that for most individuals it is a pledge to be paid through weekly or periodic deductions at their place of employment or in quarterly installments directly to the United Fund," Fonger said.

He said last year one out of every 10 United Fund contributors also gave of their time to help raise necessary funds in support of the 44 participating agencies.

"Without this volunteer group of more than 800, the big task of calling on every business, factory and home in the Greater Holland area would be impossible," he stated.

Treasurer Candidate Visits Holland Today

Glenn Allen, former mayor of Kalamazoo who is Republican candidate for state treasurer in the Nov. 6 election, was in Holland this morning, meeting local citizens in the downtown area. He planned several visits in Ottawa County.

Allen, who served eight years as mayor, was elected delegate to the Constitutional Convention from the 1st legislative district, comprising most of Kalamazoo city. He also spent 16 years on the city commission and 13 years on the Board of Supervisors.

Accompanying Allen were Bruce M. Raymond and Elmer Wissink.

ibility it might bring on other requests. This bus service will end around Christmas when the new Lakeview school is expected to be completed.

Because of previous commitments on the vocational training front, the board approved the expenditure of \$300 to retain the services of Donald Gebraad in carrying on the vocational program to meet minimum requirements. This work previously had been done by Slocum, with the state paying one-quarter of his salary. This program will be reviewed at the close of the year. Gebraad occupied the post two years while Slocum was in Okemos on an educational assignment.

Scott also outlined recommendations of the Committee on Educational Assistance relative to assistance by laymen in classrooms in the areas of music, art, library and other duties, not only in elementary schools, but also in junior and senior high schools. He said work will continue to bring this program about.

All board members were present at the meeting which lasted almost an hour. President Bernard Arendshorst presided and Member Harry Friesel gave the invocation.

Board Okays Tuition Plan For Federal

The Board of Education Monday night granted a request of the Federal Citizens Committee and the Federal Board of Education to accept Federal high school students as tuition students in 1963, provided the area continue its efforts to accomplish merger with Holland, politically and school wise.

Last week, the Federal Citizens Committee asked the Holland board to take the tuition students in 1963 since the West Ottawa board which now is taking Federal's high school students had previously said it would not take tuition students after this school year. The request from the board came in as the subject was under discussion Monday night.

The board request specifically asked the Holland board to take its high school students on a tuition basis until permanent political and school affiliation can be resolved.

Wendell A. Miles, chairman of the schools committee, in recommending that tuition students be accepted, reviewed developments through the years which led to policies now in effect.

He said crowded conditions in the schools back in 1954 prompted a citizens committee which recommended a new high school for the entire area but this recommendation met reaction from city residents who felt they should not finance a large expensive building for outsiders. The following year, Miles said, a citizens committee for some 32 school districts carried on a comprehensive study under MSU supervision, but when other community services were considered it led ultimately into annexation.

He said the first wholesale annexation program was roundly defeated and the annexation program then proceeded on a basis of separate school districts, crowded conditions continuing with the Holland board renting quarters in churches and other buildings. With the completion of the new high school, Miles said Holland now has plenty of room for Federal students, bearing in mind its first responsibilities to the school children of the Holland district.

Miles felt there was no need to change the board's 1959 policy on accepting non-resident tuition pupils which accepts "those non-resident tuition students whose parents live within those areas which have become, or which in the future will become, annexed to the city of Holland, provided however, that this board reserve the right to review periodically its policy of admitting such students in terms of the efforts being made by such areas to accomplish a merger with the school district of the city of Holland."

Miles' statement on this policy in effect answered a communication from Charles F. Conrad asking that the tuition policy be modified.

Attention also was called to a meeting scheduled Sept. 17 with the Harrington district board to consider its request to accept eighth graders and possibly seventh grade pupils a year hence. This meeting will be held in the high school library at 8 p.m.

Miles pointed to good faith on the part of Federal district in that a special election has been scheduled for Nov. 6 on political annexation to Holland city. He quoted secondary enrollment figures since 1955 in rounding out the picture.

Collision Causes Slight Injuries to Four Persons

ALLENDALE — Four persons were treated at Butterworth Hospital in Grand Rapids and released, following a two-car crash on M-50 just west of 14th Ave. in Tallmadge township at 8 p.m. Monday.

Deanna Rae De Haan, 24, of Warren St., Allendale, one of the drivers, suffered neck injuries and bruises, and her passenger, Denella Cumberworth, 20, of the same address, received chest injuries. The other driver, Roger Jaarsma, 16, of route 1, Allendale, received neck injuries.

Sheriff's officers said an unknown car turned left at a driveway in front of Miss De Haan's car as she and Jaarsma were both attempting to pass. Jaarsma's car struck the rear of the De Haan car when she attempted to stop.

Benton Harbor Hosts Holland In LMCA Game

Holland High's football team opens the season at Benton Harbor Friday night and it will be a Lake Michigan Athletic Conference game and the first time the Dutch have played the Tigers since 1959.

It is unusual for teams to play conference games in the season's opener but the opening date was the only open spot on Benton Harbor's schedule this year.

Schedules are made up in Class A schools a few years ahead and after Holland dropped Benton Harbor after the 1959 season the Tigers went ahead and scheduled for 1960 and 1961.

The two schools joined the LMCA in 1960 and Sept. 14, 1962 was the first time Benton Harbor could play the Dutch.

This season marks the first that the six-team LMCA will play each team in conference action. Benton Harbor also is the first team on Holland's 1962 schedule and will play in Holland.

The 1963 Holland schedule is identical to this year's slate with the home and away game reversed. Portage, the eighth game for last year, notified Holland in 1960 that starting this year the Mustangs would be playing a conference foe on the eighth date since the Big Five has increased to the Big Six.

Athletic director Joe Moran signed Ypsilanti for the date this year and in 1962. Ypsilanti answered an open date request made by Moran in the Michigan High School Athletic Association bulletin.

In 1964, Holland will play Muskegon Mona Shores in the eighth game date. Also in 1964, Benton Harbor moves to the third date as Holland has dropped Niles in that year and Grand Rapids Central will be the 1964 opener.

Coopersville Man on Plane

COOPERSVILLE — The crash of a KC133 Stratotanker on a spur of Mount Spokane in Washington Monday brought Tech. Sgt. Donald L. Moon the death he escaped in another Air Force crash nine years ago.

On Feb. 18, 1953, the 33-year-old Coopersville native was a gunner aboard a six-engine B36. As the bomber came to a twin engine flight at Roswell, N.M., two engines caught fire and the entire plane was suddenly enveloped in flames.

But miraculously the crew escaped from the B36 before it exploded as it stood on the runway.

Monday Moon, a 15-year Air Force veteran, was not to have the same luck. He and 43 others were killed instantly as their plane plowed into the mountain.

Moon was survived by his wife and five children, who lived with him at Ellsworth Air Force Base, S.D., and his parents, Mr. and Mrs. Earl Moon of Coopersville.

Mrs. Bina Nead, 73, Dies in Hospital

Mrs. Bina Nead, 73, of 1614 West 32nd St., died at Holland Hospital early Monday where she had been a patient for the past 12 days.

She was born north of Holland and following her marriage on Jan. 1, 1911, she made her home in Saranac until returning to this community in 1934.

She had been employed at the H. J. Heinz Co. until her retirement eight years ago. She was a member of the First Methodist Church, was a past Noble Grand of the Rebekah Lodge and had been active as a Red Cross Gray Lady.

Surviving are three sons, Leon J. and Richard F. Nead of Holland and Robert A. Nead of Fennville; 10 grandchildren; 12 great-grandchildren; two brothers, Grover C. Welch of Grand Rapids and James B. Welch of Holland; five sisters, Mrs. Kimball Wyman of Milwaukee, Mrs. Alonzo Barrett of Portland, Ore., Mrs. Agnes Mortensen of Holland, Mrs. Martin Wilholt of Grand Rapids and Mrs. Florence Penay of Kalamazoo.

Pair Guilty On Charges Of Oil Sales

GRAND RAPIDS (UPI) — A week old trial of two men charged with selling fraudulent oil securities was at an end today following the entrance of a guilty plea by Menno F. Haan and the return of a guilty verdict against Fred T. Haley.

Haan, 29, Grand Rapids, and Haley, 46, formerly of Grand Rapids, were indicted by a U.S. grand jury March 1, 1961. They were accused in 19 counts of selling securities, including investment contracts, certificates of interest and participation in profit-sharing agreements and undivided interests in worthless gas and oil interests in Ohio County, Ky.

An official of the U.S. attorney's office here said the men swindled more than 100 investors out of \$200,000. "One Holland man," the official said, "put up some \$9,000 and got a return of \$194." The man was not identified.

Haley, who was arrested in Birmingham, Ala., May 15, acted as his own attorney. He was found guilty on 16 counts after U.S. Dist. Atty. George E. Hill agreed to drop three counts. Haan, who originally pleaded innocent, changed his plea to guilty of two counts.

Haley and Haan worked their scheme in this area from January, 1957, through August, 1959. The land involved consisted of 70 acres near Owensboro, Ky., which is not an oil producing area.

Investigation of the pair began after the Securities and Exchange Commission at Detroit issued "stop orders" designed to keep the two men from dealing in or selling any securities in the state. U.S. District Judge W. Wallace Kent continued Haan at liberty on a \$10,000 bond and ordered Haley held at Kent County jail pending sentencing.

New Assessor Starts Work

Alvin De Haan who was appointed by City Council some months ago to be city assessor effective Jan. 1, 1963, started work Monday in the city assessor's office, and will work with City Assessor William Koop until the end of the year.

De Haan, 37, was employed by the J. M. Clemmshaw Co. for 13 years, working as field supervisor since 1952. In 1957 and 1958 he spent a year and a half in Holland, living at 24 East 13th St., while working on Clemmshaw appraisals.

He has purchased a home at 76 West 19th St. He and Mrs. De Haan have three children, an 11-year-old daughter, and two sons, 4 and 2.

Koop who has served as assessor since 1945 will retire Jan. 31. His announced retirement was timed to provide an orderly transition in the office.

De Haan, a native of Orange City, Ia., is not related to the De Haans in Holland but has some remote relatives in this area.

Graveside Rites Held For Rabbers Infant

Graveside services were held at 10:30 Monday in Graatschap Cemetery for Kurt Duane Rabbers, infant son of Mr. and Mrs. Kenneth Rabbers, 659 Steketee Ave., who was dead at birth in Holland Hospital early Saturday morning.

Surviving besides his parents are his twin brother, Scott Douglas, a brother, Kevin John; maternal grandparents, Mr. and Mrs. Lawrence Zwemer and paternal grandparents, Mr. and Mrs. James Rabbers and maternal great-grandparents, Mr. and Mrs. Gerrit Oonk, all of Holland.

The Rev. Harry Newhouse officiated at the services. Arrangements were by Dykstra Funeral Home.

Holland Hospital Babies Now Footprinted Too!

If the Van Klompenberg twins ever get mixed up, Mr. and Mrs. Sidney Van Klompenberg, of 10728 1/2 Paw Paw Dr., will have excellent recourse to establishing identification.

Footprints of babies are now being made in Holland Hospital. The new service was initiated several days ago as a secondary means of identification. The identification bracelet on the wrist has been in use in the maternity wing for several years, and two years ago was extended to all patients.

To take baby's footprints, the tiny feet are pressed in an individual chemically treated disposable pad and then the feet are placed on sensitized paper. The print of the mother's index finger is placed on the same sheet. Two copies for each baby are made in the delivery room, one copy going to the mother and the other is placed with the mother's chart in hospital records. Footprint outlines comes through easily when the sensitized paper dries.

The hospital has long had under study a proposal for footprints but leaders disdained the "ink" method as being too messy. It was only recently that disposable chemically treated pads (no ink) came on the market.

Footprints are not acceptable as official birth certificates but do serve as a top means of identification should question arise.

Enrollment Up by 409

Enrollment in public schools in Holland totals 4,265 or 409 more than last year, the Board of Education was informed Monday night.

A daughter, Joann Kay, was born Wednesday in Zeeland Community Hospital to Mr. and Mrs. Donald Verstrate of 131 West 19th St.

Teacher Training Reinstated

The student teacher training program will be reinstated in Holland public schools, the Board of Education decided Monday night following a request from Hope College which has operated such a cooperative program with local schools for the last 30 years.

The training program was one of many services to be curtailed by the austerity program adopted last spring after additional operating millage failed. Financial aspects of the program are under study with Hope College assuming a greater share of the expenses than before.

To carry on this program, the board voted to reinstate Margaret Van Vyven as coordinator, spending half time with the teacher training program in elementary schools and half time as curriculum coordinator. Miss Van Vyven had been assigned to a classroom. Also under study is a part time coordinator for secondary schools. This work previously was done by the assistant superintendent.

Supt. Walter Scott expressed appreciation, both personally and for the board, for Miss Van Vyven's ready cooperation in assignment changes.

Scott also said he has been receiving 15 to 20 calls a day on adult evening classes, but said regrettably this was one service which would remain curtailed for the season, particularly since many of the courses were recreational in nature and therefore less vital than academic courses.

The board also took final action on a contract for Athletic Director Joseph Moran who will serve as city recreation director on a half-time basis. The city will pay \$5,000 to the school, \$3,650 as half-time director for the 38-week school year and \$1,350 for his full time service for the 10-week summer period. The school will pay \$3,650 for athletic director plus \$350 if available for tennis coaching, for a possible total of \$9,000.

Moran's physical education classes will be taken over by James Jebb and his biology classes will be taken over by a half-time teacher, Lavern Edwards, a Holland Christian High graduate with an A. B. degree from Calvin College in 1957. Edwards is married and has two children.

Announcement also was made that the city has waived its \$1,000 fee this year for the school's use of Riverview Park for the current term.

Harvey J. Buter, board representative on the athletic program, said the sale of IPTAY tickets by Athletic Boosters will guarantee a full fall sports program, but said no efforts must be spared to see that a high interest is aroused and maintained, both student and adult, for each game. He said the police department, reserve police, physicians, firemen and others are helping in significant ways.

Albert Schaafsma, in his treasurer's report, listed estimated September bills at \$113,633.83 of which \$105,500 goes for instruction salaries and \$4,423.33 for administrative salaries. Salaries for operation of plant were listed at \$9,500.

He listed an Aug. 31 balance of \$683,286.35 in the general account, a balance of \$605,404.63 in the high school building and site account, and a balance of \$311,195.70 in the regular building and site account. The board approved his recommendation to transfer \$1,712.27 from the 1953 Apple Ave. debt retirement account to the 1957 Apple Ave. debt retirement fund. These funds, according to law, remained on deposit two years after bonds were paid.

The building and grounds committee reported on damage to the newly seeded lawn at the new high school caused by extremely heavy rains Aug. 24. Since some credit is due because certain areas originally called for sodding, the credit will come close to covering cost of the repair work.

The committee also reported a couple of small leaks in the roof of the fieldhouse during the same rainstorm. They were patched immediately and the committee felt no cause for alarm since it is not uncommon for a very large new roof to have a leak during the first year. The roof has a 20-year guarantee. Some persons have felt that the white coating on the fieldhouse roof was not uniform in color, and the company has agreed to repaint the roof but not until next year in order to allow for proper weathering.

Grounds Supt. Edward Prins outlined accomplishments in the junior high renovation which is nearing completion. This includes removal of some partitions, new woodwork and doors, temporary fire doors and fire escape landings and other improvements. Prins also reported on improvements in elementary schools.

Miss Kathleen De Witt, daughter of Mr. and Mrs. Richard A. De Witt of 1043 West 32nd St., will enter Mary A. Burnham School, a college preparatory boarding school for girls in Northampton, Mass. She will be a member of the freshman class. Classes will begin on Sept. 20.

A daughter, Joann Kay, was born Wednesday in Zeeland Community Hospital to Mr. and Mrs. Donald Verstrate of 131 West 19th St.

Rites Performed in California

Mr. and Mrs. Clarence Lee Doornbos sister of the bride, and ring bearer Miss Janice Mae Jouvstra became the bride of Clarence Lee Doornbos in a double ring ceremony at 8 p.m. Aug. 17 in the Christian Reformed Church of Ontario, Calif.

Parents of the couple are Mr. and Mrs. Shirk Jouvstra of 199 East Walnut Ave., Ontario, Calif.; and Mr. and Mrs. John Doornbos of 420 Huizenga St., Zeeland.

The Rev. James Putt performed the ceremony before an altar decorated with baskets of white gladioli and tangerine carnations, and a heart shaped satin pillow.

For her daughter's wedding, Mrs. Jouvstra chose a beige silk sheath and a corsage of white carnations and yellow roses. Mrs. Doornbos wore a two-piece suit of ivory and gold rayon and cotton brocade and a corsage of white carnations and yellow roses.

Best man was Robert Doornbos, brother of the groom. Ushers were Franklin and James Jouvstra, brothers of the bride.

A reception for 55 guests was held in the fellowship hall of the church. Berton Tinklenberg was master of ceremonies. Mrs. Evert Loving poured coffee, and Mrs. Franklin Jouvstra and Mrs. Allen Kuiken opened gifts.

For a wedding trip to Sequoia and Kings Canyon National Parks, the bride changed to a gold print sheath with white accessories and gold and white jewelry.

Donald Johnson of Dexter came Wednesday to visit his mother, Mrs. Henry Johnson at the Holland Hospital.

Incidentally, the hospital was bursting at the seams last week with the daily census up to 135 patients. There was no particular reason such as an upsurge of virus cases or pneumonia.

Since nobody would really choose August as a time to enter a hospital, it went down as one of those unexplained peaks that happen every once in a while.

The hospital received a \$500 check for the remembrance fund a few weeks ago in grateful appreciation of courtesies shown during a trying time.

An out-of-state man was admitted after being stricken and died within hours of his arrival. Two weeks later the family in settling hospital bills enclosed an extra \$500 check in appreciation for the "quick response of a doctor who did not know the patient, and the unusual kindness of nurses and telephone operator."

Because of the heavy influx of visitors during the summer, the mill grinds grain during other seasons since operating mills are no place for heavy concentrations of visitors. Even so, the guide will set the sails in motion for the benefit of a movie camera.

The interior was scrupulously clean. Of course, everything in the restoration area is, but the guide said the mill receives special attention to control weevils, etc.

Welding Torch Starts Fire on Wayne Schipper Farm Near Overisel

OVERISEL — Fire late Friday afternoon destroyed a large laying house on the farm of Wayne Schipper on 142nd Ave., a half-mile west of Overisel, killing 10,000 laying hens.

The loss caused by the blaze was estimated at \$55,000.

The blaze started at 4:30 p.m. when touched off accidentally by a welder's torch. Within an hour the huge 40-by-406-foot steel structure was a shambles of smoldering ruins.

Schipper said workmen had been welding a steel beam toward the middle of the long building when their acetylene torch accidentally touched off the spectacular blaze.

Only minutes later the entire structure was ablaze. Schipper said the only thing that could be saved was a pair of windows on the west side of the building.

Firemen from Overisel, Hamilton, Graafschap, Heath Township and Zeeland city battled to keep the blaze from spreading to four other similar buildings located near the burning hen house.

The building was a steel frame structure with sheet steel siding. Firemen said the rapid spread of accumulation of dust which caused the blaze to spread with almost explosive force.

Schipper said the laying house was fully automated. The estimated \$55,000 loss included the hens, building and automatic equipment.

Most of the loss was covered by insurance, Schipper said. The chickens and equipment were fully insured, and the building partially covered.

The Nykerks will depart from Hoboken, N. J., on the Statendam of the Holland-American Line, on Sept. 14, arriving in Southampton, England on Sept. 21. Several stops are planned in their flights which follow and they expect to arrive at Muscat on Oct. 3. They will resume their work as missionaries in the remote station of Muscat, Oman, the only medical hospital to serve a country with 1,000,000 people.

Two of their children, David and Nancy, will remain in Holland to attend Hope College. Their youngest daughter, Laila, left earlier

this summer to attend school in India.

Both David and Nancy are graduates of the interdenominational mission school in Kodai Kanal in Southern India. Practice Teaching Program Will Continue in Holland

The practice teaching program of Hope College and the Holland Public Schools will continue this year, it was decided at a meeting of the school board and representatives of the college Friday.

The practicing teaching program was one of several functions which were curtailed in the austerity program adopted following defeat of the special millage issue last May.

A reappraisal determined that practice teaching was one function which could not be stopped in midstream, hence the decision to reinstate the program, meanwhile studying the financial phase.

The college practice teaching program started in Holland some 30 years ago when the late E. E. Fell was superintendent of schools. In recent years, approximately 100 Hope College students each year have had this practical training in the public schools, spending half-days in the classroom under an assigned teacher and working with a coordinator of the college and public schools.

The college-public school training program, somewhat similar to

internship in hospitals, was organized after the Hope College Preparatory School, later also known as Hope College High School, ceased operations on Hope campus.

Last year, some 30 college students trained in elementary schools each semester and 20 in the secondary schools.

Further details of the reinstated program will be discussed at a meeting of the Board of Education Monday night.

Attending the gathering were Dr. I. J. Lubbers, Dr. John Holenbach, Garrett Vander Borch and J. J. Ver Beek of Hope College; Russel Welch and Esther Kooyers, elementary principals; Margaret Van Vyven, first grade teacher at Longfellow; Robert Slocum and Walter W. Scott of the public school administration; Vida Harper of the professional problems committee of Holland MEA; Mrs. Paul McIlwain of the committee for Educational Assistance; Bernard Arendshorst, Wendell A. Miles and Harry Frissel, members of the Board of Education.

Newspaper Publicity Tips Offered for New Chairmen

Social, civic and church groups are starting fall meetings soon, with publicity chairmen and secretaries starting out in a new and unfamiliar job. To assist these new scribes, the Holland Evening Sentinel is pleased to give a few suggestions for news releases to The Sentinel or any other news media.

These are a few essential rules, easy to follow, in writing an item for the newspaper.

First — accuracy — names are most important to everybody, especially one's own name, therefore it must be accurate. Sample — Mrs. John Jones, always the name of the woman's husband, living or dead, unless for a professional reason she uses her given name, like Mary Burton Jones.

THE GOVERNMENT AND CONTROLS

Government continues to grow, and as it grows it costs more and more money. Deficit financing continues and budgets grow larger. Recently John Chamberlain, financial writer and business historian, asks a question in a magazine published by a large oil company.

Borrowing from the words of a past-era popular song, Mr. Chamberlain asserts "It Ain't Necessarily So," that there is cause and effect between growing government controls over business and the nation's tremendous economic growth in the past 75 years.

Indeed, he says: "With the dictates of old-fashioned logic in mind, it can be held that America has become the world's most affluent society in spite of the controls."

"It might be held that it is simply because of our affluence that we have been able to afford the controls in the first place. 'In reviewing the growth of the nation's economy and the parallel of government controls, Mr. Chamberlain stated it was in the eighties that 'it first became manifest to a wide public that free enterprise meant a bountiful distribution of an ever-mounting affluence. By a paradox that is difficult to explain on the basis of strict logic, the Eighties were also the years in which government, with the creation of the Interstate Commerce Commission in 1887, started closing in on free enterprise.'"

After reviewing the progress America has made and the inventions which helped that progress, Mr. Chamberlain questions whether it would have been possible if, for instance, "Edison had had to beg a laboratory from Congress. Figure out the probabilities involved in freedom versus top-down control for yourself."

Remember that Congress is still in session. It is a good time to drop your Representatives and Senators a letter. The names and addresses are carried every day on this page for your ready reference. Most people are of the opinion that they would rather have a reduction in the budgets, and tax dollar waste and duplication rather than a tax cut. Most of the withholding taxes for the year have been already collected so the place to cut is in the duplication and waste.

Leadership in Crises
Nehemiah 4:1-3, 7-11, 19-23
By C. P. Dame

We are hearing much today about the importance of the work laymen can do in the Church. Our lesson tells about Nehemiah, a layman, who in a critical time did a great work for God's kingdom.

I. A layman with a sacrificial spirit can be a great blessing. Nehemiah was the cupbearer of Artaxerxes I, who ruled Persia from 465 B.C. to 424. A cupbearer was a trusted member of the inner circle of the royal court, close to the king and often his favorite. How Nehemiah got this position we do not know. He was born in captivity. Why he did not return with the other exiles is not recorded.

In chapter I we are told how Nehemiah met a brother, Hanani by name, who had just returned from Jerusalem and reported to him the bad conditions in Jerusalem. Nehemiah's prayer (1:5-11), a moving petition, reveals his grief.

The first group of exiles under Zerubbabel and Joshua had come in 538 B.C. and the second group led by Ezra arrived in 457 B.C. Nearly a century had passed since the first group returned and Jerusalem was still a rubble-heap. Chapter two records how Nehemiah got permission to leave his prominent position and go to Jerusalem to rebuild, and after being in the city but three days he with a few servants made a night inspection tour and got first-hand information. After obtaining the information he called the people together and presented the facts and challenged them to build.

He encouraged them by saying that God blessed him and the king had given him permission. The people responded, saying, "Let us rise up and build."

II. Work and prayer belong together. Many people today forget this fact. When Sanballat, the governor of Samaria, and Tobiah the leader of the Ammonites and the Arabians and the Ashdodites, neighboring peoples, heard of the work of rebuilding they plotted to stop the work.

God's work always has opponents. Nehemiah would not be frightened although the enemies tried various means to do so. Ridicule, threats, slander and offers to negotiate failed to stop Nehemiah. Not only did he have outside enemies but he also had trouble in his own ranks — some of the workers got tired. Today enemies outside and tired workers within the church, hurt.

Nehemiah prayed, planned and worked and set a high personal example. He divided the wall into sections and assigned sections to various groups — families, trades, guilds and thus divided responsibility. Some people can't see the whole task, whatever it may be, but they can see a part of it, especially if it is assigned to them. When the enemies threatened to attack, Nehemiah got ready for them — some workers stood guard ready to fight, others kept on working and some were armed and ready to work too. With Nehemiah there was a man with a trumpet. When the enemy was about to attack he blew the trumpet and help came.

Nehemiah encouraged the workers by telling them they were doing a great work for God who was on their side. Nehemiah set a fine example as his words, "So neither I, nor my brethren, nor my servants, nor the men of the guard who followed me, none of us took off our clothes, except his weapons in his hand," indicate. In spite of the opposition the wall was finished in fifty-two days. Sacrificial leadership and splendid cooperation got results.

More than 400 persons took advantage of the open house and coffee Tuesday morning at the home of Mr. and Mrs. L. W. Lamb Jr., 268 Maple Ave., touring the lovely restored home and seeing the family heirlooms of the Lambs.

Townships, City Friendly At Discussion

Mayor Nelson Bosman today expressed an optimistic attitude over an informal meeting Tuesday night in City Hall attended by City Council, the Board of Public Works, and the township boards of Holland and Park Townships called by the mayor for an informal discussion of area problems, mainly water.

The mayor said an air of friendliness prevailed as the group discussed mutual problems and both city and townships were optimistic over eventual solutions.

"These problems cannot be resolved overnight, and it will take lots of study and reevaluations before any decisions can be made, but we expect these differences can be resolved in time," Bosman said.

He said further meetings will be held, but no dates have been set.

Tuesday's informal meeting is likely the first of many which will discuss differences dating back several years, some of them before the initial annexation proposals in 1957.

GRANDSTANDING .. Cook Predicts Crown

By Randy Vande Water

Professional basketball will be featured in Holland this winter and Don Cook, the man responsible for bringing the pro game to the Civic Center has promised a championship.

"We're the smallest city in the league," the promoter owner-coach said, "but we're going to win. With Grand Rapids coming into the league at the last minute and taking some of our players, we have an extra challenge to win." Cook added.

Starting his sixth year with a basketball team that has grown from a "local color" unit to a squad known throughout Midwest basketball circles, Cook is determined to make this team his best.

It will have to be because he is playing the toughest competition the Oilers have faced. Plans call for 20 games in the Midwest Basketball League, 12 home and eight away. Cook plans a total of 22 home games this season with the remainder of the games against top outside foes.

Since the Chicago Brown Bombers don't have a gym they will be the swing team and play four games in each city. The other teams visiting Holland will be the Grand Rapids Tacklers, Gary Whips, Dayton Lil' Micks and the Toledo Twisters.

Cook has already signed Willie Merriweather, Gary Lee, Henry Hughes, George Duncan, Bill Fox and Ron Maat. Merriweather is teaching at Detroit Millard High and Lee is head basketball coach at Marysville while Hughes is teaching mentally retarded youngsters in Ann Arbor. Duncan is assistant coach at Wayne State.

Bill Riegel, 6'3" Little All-American from Louisiana's McNeese State and leading scorer for the Goodyear Wingfoots the past two years, has been signed.

A two-time National Industrial Basketball League selection, Riegel led the Wingfoots here last season. He is now teaching in White Cloud.

Mike Graney, ex-Notre Dame player, has notified Cook he is moving to the West Coast. Cook is after 6'11" Lloyd Campbell, ex-Northwestern player who was an all-league selection with Gary last season. He won the Oilers' tournament sportsmanship award.

Cook will hold public tryouts Sept. 29 in the Civic Center at 10:30 a.m. He is especially interested in 6'5" Frank Visser, ex-Holland Christian star.

Cook, league deputy commissioner, reported each team placed \$300 in escrow to be forfeited if a team doesn't show or is late to a game.

Each team has contributed \$500 for operating expenses. Teams will be fined \$100 if they arrive at a game with less than eight players and Feb. 1 is the trading deadline.

Teams have 48 hours before a game to notify league commissioner Herman Kander, Toledo coach, of an added or dropped player. Players receive a maximum of \$75 per game plus traveling expenses.

Playoffs will be held the last week in March in the city that has drawn the best crowds, regardless of their league finish. The first and third and second and fourth place teams battle in the playoff.

The first place team gets 40 per cent of the playoff gate and 25 per cent goes to the second place team. Third gets 15 per cent and fourth and the league each get 10 per cent.

All-star teams, most valuable player and coach of the year awards are slated along with championship trophies for the winning team and players.

The league plays the three point scoring regulation and any basket made 25 feet or more out from the baskets counts three points. The foul line has been added from 12 to 18 feet and zone defenses are not permitted.

Explaining his raiding charge against Grand Rapids, Cook pointed to Warren Vander Hill and Ray Ritzema, ex-Hope College and former Oilers players, who Cook planned to use this year.

"They (the Tacklers) have Vander Hill signed and have listed Ritzema on their roster but he's not signed," Cook said. The Tacklers also have ex-Oilers Tarp London, George Brown and Bob Ken-

dricks along with Charlie North, ex-Detroit player, Bob Reid from Hope and Ralph Honderd of Calvin under contract.

The Tacklers are coached by Gene Schrottenboer, ex-Oilers coach and Rodger Lemmen, formerly in the Oilers organization, is business manager. Grand Rapids plans to play the Oilers Dec. 5 in the Grand Rapids Civic Auditorium. Some other league games will be played in the Rogers gym, seating 2,500.

Defending champ Gary is led by all-star selection Charley Brown and John Warrick is the coach. Max and Scott Jameson, ex-Kentucky State players, lead the Bombers.

Midget Mickey Friedman coaches the Lil' Micks and ex-Dayton star Bill Cramsey is the top player. Toledo has Lance Olson and Larry Heddon, ex-Michigan State player but lost all-star pick George Brown to Grand Rapids. Frank Case, another Toledo player, was the other all-league choice.

Toledo plays in the 6,000 seat Toledo University Fieldhouse while Dayton plays in the 8,000 seat Dayton Fieldhouse. Gary plays in the 10,000 seat Memorial Stadium.

With the anticipated basketball ability slated here, the Civic's 2,500 seats will be filled many times. The Oilers' league opener is Saturday, Nov. 24 against Dayton.

Wed in Stetson Chapel Ceremony

Mrs. Sidney Wilson Tiesenga (Bennett photo)

A candlelight ceremony in Stetson Chapel at Kalamazoo College on Sept. 1, united in marriage Miss Gail Louise Chisholm and Sidney Wilson Tiesenga.

White delphinium, gladioli and greens were used with the candelabra for the double ring ceremony performed by Dr. Thomas Wiley for the daughter of Dr. and Mrs. Gordon Chisholm of Kalamazoo and the son of Dr. and Mrs. Sidney S. Tiesenga of Holland.

Dr. Lloyd Averill was organist for the rites. He also accompanied Mrs. A. Bambulus when she sang "Whither Thou Goest" and "Wedding Benediction."

The bride, given in marriage by her father, wore a gown of ivory embroidered organza over taffeta. Her French illusion veil fell from a pearl embroidered pillow. Cream colored roses and ivory were used in her cascade bouquet.

Miss Katherine Reed of Holland was maid of honor. She wore a sapphire blue taffeta sheath with organza overskirt. Matching blue organza cabbage roses with veiling formed her headress. Her flowers were roses with camellia foliage.

Miss Loni Kiraldi and Miss Elizabeth Slaughter of Kalamazoo were dressed like the honor attendant and carried similar bouquets. Flower girl Cynthia Padnos wore a light blue organza dress with

a chaplet of camellia leaves. She carried a lace basket with rose petals.

For her daughter's wedding, Mrs. Chisholm selected a slate blue organza and lace sheath with matching hat. Her flowers were white roses and stephanotis. Mrs. Tiesenga chose a charcoal and pale gray silk sheath with matching hat. Her flowers were white roses and delphinium.

Dr. Derrick Lenters served as best man. Ushers were Gordon and John Chisholm of Kalamazoo, Gerald Saunders and William Price.

A reception was held in Hoben Hall at Kalamazoo College. The couple left on an Eastern wedding trip. For her going-away ensemble the new Mrs. Tiesenga wore a three-piece knit suit with a black velvet pillbox. She wore the corsage from her wedding bouquet.

Many Streets Are Flooded, Trees Down

A violent electrical storm with heavy deluging rains slashed Holland briefly at 11 a.m. today, flooding local streets, uprooting trees and interrupting electric and telephone service at scattered points.

The worst of the storm was over in about 15 minutes. Rainfall measured .48 inch, according to Weather Observer William De Boer, and the wind velocity at Park Township reached gusts of 48 miles an hour, according to Art Peters.

Zeeland had greater inconvenience than Holland. Lightning struck a transformer downtown, cutting off power on Main St. from Elm to Church Sts. Many branches were down but only one tree on Byron Rd. was reported down.

The Holland Board of Public Works said trees were down in Holland at four locations: 23 East 24th St., 328 West 20th St., 19 East Seventh St., and 22 East Sixth St. Relatively few power trouble calls came in, indicating no primary wires were cut.

A show window at De Vries Motors at 23 West Seventh St., was blown in.

Housewives all over town rushed to close windows. Some persons gone for the day face varying degrees of water damage on their return.

As skies darkened, motorists turned on car lights and then stopped altogether as sheets of rain cut visibility to a minimum. Automatically controlled street lights came on including the lighting system in Centennial Park.

Trash baskets downtown blew over, littering walks and gutters. Hanging baskets on boulevard poles downtown seemed to survive the storm better than many other things. Trees already beginning to turn color were stripped of a share of the leaves, further complicating the overtaxed storm drainage system.

The Telephone Co. reported some trouble calls, but they were relatively few with no indication of large areas affected.

New Blood Program Set Here

Effective Saturday, blood needs of the Ottawa county chapter of the American Red Cross will be met through participation in the Muskegon Red Cross regional blood center.

Previously, patients in Ottawa county were supplied through the Holland Community Blood program working through Holland Hospital and by the blood bank a Grand Haven Municipal Hospital.

The new program calls for periodic visits of the Muskegon bloodmobile to Holland, Grand Haven, Zeeland, Hudsonville, Allendale and Coopersville. About 30 visits are expected to be made next year to obtain from 2,500 to 2,950 units of blood from county donors 18 through 59. This blood is calculated to meet the needs of all hospitals in the county as well as replacements for all Ottawa residents in hospitals elsewhere, plus blood derivatives and research.

No fees are charged for blood from a Red Cross center, although hospitals charge an administering fee to cover cross matching, etc. The patient is asked to provide donors for replacing the blood.

Louis Van Slooten of West Olive is serving as county blood chairman. Dr. Otto van der Velde of Holland is medical advisor. Mrs. William Broker is chairman of volunteers, and Mrs. Kenneth Armstrong is chairman of registered nurses.

Heading the program in county centers will be Mrs. Andrew Van Bronkhorst Jr. of Allendale; Clifford Curson, Coopersville; Mrs. Aubrey Ernst, Grand Haven; William De Long, Holland; and Webber Haan, Hudsonville.

Each area chairman will name chairmen with specific responsibilities to provide sufficient donors and volunteers to man the mobile clinics. A clinic operating in three-hour shifts will require some 50 volunteers.

All blood will be processed through the Muskegon center with each hospital requisitioning for its needs. Much thought, time and study was given to the new arrangement before participation was adopted. The program has been approved by the Ottawa County Medical Society, the Ottawa County Health Department, and Holland, Grand Haven and Zeeland Hospitals.

The first visit of the nine-bed bloodmobile will be at Holland Armory Wednesday, Sept. 19. It will be a six-hour visit with donors given specific appointments. The bloodmobile plans three visits to Ottawa county in October, two in November and two in December. The mobile brings the required technical staff but a local doctor must be present when blood is collected.

The blood program in Ottawa county is financed by funds collected in Red Cross campaigns. In Holland, the Red Cross drive is affiliated with United Fund and is scheduled Oct. 1 through 19.

Federal Annexation Vote To City Set for Nov. 6

An election for Federal district to annex politically to the city of Holland has been set Nov. 6, the date of the general election.

The Secretary of State's office in Lansing today sent out notices to clerks of Holland Township, the city of Holland and Ottawa County notifying them that petitions for the annexation election have been certified and that a Nov. 6 vote has been ordered.

No date had been set forth in the petition. Date of the election was set by the Attorney General's office, according to the Lansing dispatch.

The area, referred to locally as Federal district, is bounded on the west by Fairbanks Ave., on the south by 16th St., on the east by 120th Ave. and on the north by Black River. The area which is just under one square mile is surrounded on three sides by Holland city.

The greater share of the Federal district was included in the boundaries for the proposed city of Van Meer, a 7 1/2 square mile area in Holland township which filed petitions for incorporation with the Ottawa County Clerk July 18.

Petitions for annexing Federal district to Holland city were filed Aug. 3 with the Secretary of State's office in Lansing. It was necessary to file the petitions with the state office because Holland city lies in two townships, Ottawa and Allegan.

The Van Meer petition is scheduled to be presented to the Ottawa County Board of Supervisors in October.

Another proceeding further complicating the picture was action taken during the summer by the West Ottawa Board of Education instituting proceedings for Federal school district to annex to the West Ottawa school district. This petition was referred to the Superintendent of Public Instruction for approval, and the decision has not been made public.

James E. Townsend, legal counsel for the Federal citizens committee promoting political annexation to Holland city, said the Secretary of State's office was aware of the Van Meer petitions at the time the Federal petitions were filed Aug. 3. Townsend interpreted today's announcement as the state's decision that it has jurisdiction in the matter.

Federal district was one of four districts voting on political annexation to Holland city in 1958. The election lost in Federal district but carried in Maplewood, Apple Avenue and Montello Park districts. Since then, Lakeview and Van Raalte districts also annexed to Holland. The Van Raalte election left Federal district surrounded by the city on three sides.

The Nov. 6 Federal election will follow the same procedure of recent annexation elections. To carry, voters in Federal district must favor annexation. Also voting on annexation will be voters in Holland city and Holland Township. These votes will be combined and the total must also favor annexation to make the program effective.

Park Board Okays Plans For Library

The Park Township board Thursday approved an agreement submitted by the Holland Library Board whereby Park Township residents will have the use of the Herrick Public Library.

Park Township will pay \$6 per year for each township family using the library, the agreement stipulates, and the maximum amount the township will be billed is \$4,000 regardless of how many families in excess of that amount enroll in the program.

The township board decided that each participating family should be required to pay \$1 of the \$6 charge. Identification cards will be issued upon application to supervisor Herman Windemuller or clerk A. Drew Miles.

Township officials entered into this one-year trial agreement in order to determine just how much use is made of the Herrick Library by their citizens and continuation of this service will depend on the results obtained, Windemuller said.

The township board also adopted a resolution requesting the calling of a hearing by the Michigan boating control committee on regulation of boating on Lake Macatawa.

A similar resolution was adopted by the Holland City Council and is also being considered by Holland Township. It is hoped that by this method, made possible by recent legislation, better local control of the lake can be restored to what it was under the former Port-of-Authority, Windemuller said.
